

# FLEXEEL *max*™

## Reinforced Polyurethane Air Hose

What is even better than **FLEXEEL®**, the best selling, most often demanded brand of reinforced polyurethane air hose on the market? **FLEXEEL *max*™** !

**FLEXEEL *max*™** continues the tradition of the most lightweight, most durable, and most flexible reinforced polyurethane air hose available. **FLEXEEL *max*™** will still stay ultra-flexible down to temperatures as low as -40 °F, and maintain durability up to 165°F!

**FLEXEEL *max*™** comes to the market with many additional features not found with **FLEXEEL®**, and certainly more than with any other brand!

### FEATURES

**FLEXEEL *max*™** comes in a HI-VIZ **Eel Green™** color making it easier to see, even in low-light conditions.

**FLEXEEL *max*™** comes with a higher pressure rating of **300 PSI**. This higher pressure rating means even more strength and durability!

**FLEXEEL *max*™** includes the **Eel Strap™** already assembled on the hose, making it easier to coil, store and carry after use.

**FLEXEEL *max*™** comes assembled complete with a **field-repairable reusable fitting and a 1/4" Ball Swivel Coupler™**, either in industrial or automotive interchange. This ball swivel increases maneuverability at the tool and improves ergonomics.

**FLEXEEL *max*™** comes assembled complete with a **field-repairable reusable fitting and our new Air Safety Plug™**, a connector which prevents dangerous "hose whip" by quickly bleeding off pressure from the hose in a controlled fashion, rather than in a dangerous sudden burst!

### ORDERING INFORMATION / PRICING

Part Number	Hose ID & Length	Fittings
AMXDD50-937	1/4" x 50'	1/4" Ball Swivel Coupler, 1/4" Air Safety Plug - industrial
